A Word from the Director

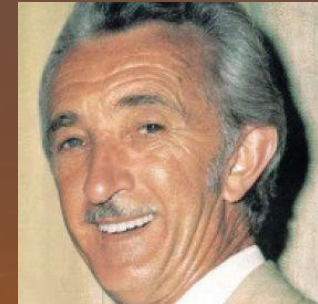

I am so pleased to welcome you to CRC International Missions Bible College (IMBC). Our local church based Bible College programs have been at the forefront of Bible College ministry for many decades.

Our vision is to place quality Biblical and Christian ministry studies into the hands of students everywhere at an affordable price. I believe that no study is as valuable to an individual or any group of people as the study of the Word of God. No other education can so affect a man or woman as does the study of the Word of God.

Through our courses, you can expect to grow spiritually and become better equipped to minister the Word of God with power. We are also a school that places a major emphasis upon helping our students to develop their God-given ministry potential. We believe that our programs will help to create in you as well as impart to you, a personal Vision of an exciting future in the service of Christ. We want you to complete these studies, and to complete them well. If we can be of assistance to you at any time, please feel free to call us and allow us to help you. We will work with you as you face issues that will challenge, confront, bless, and develop your skills. Be assured of our prayers for your wellbeing.

History of the CRC Colleges

Since its beginnings in 1945, CRC Churches International has been a denomination passionate about expanding the Kingdom of Jesus Christ on earth by creating Bible-based, contemporary local churches and ministries. An international movement was birthed when small groups of Holy Spirit-inspired and activated Christians experienced explosive growth. The CRC has helped people from all walks of life not just to find Jesus, but also to find His call on their life. The CRC International Missions Bible College (IMBC) is a further extension of that heartbeat.

The CRC International Missions Bible College (IMBC) is one of the official training and college arms of the CRC Churches International movement. We are committed to training up believers and the leaders of our next generation. Since the inception in Adelaide Australia of the first CRC Bible College in 1959, the College has continued to grow and change.

A number of training Colleges have subsequently been launched from the CRC Churches International. One of these is the CRC International Missions Bible College (IMBC) , which offers graduate training to various nations in English, French and Swahili.

CRC Churches International Core Values

HOLY SPIRIT EMPOWERED

Through understanding the supernatural power of God and growing intimacy and surrender to Holy Spirit, we see students become proficient in the operation of the Gifts of the Spirit in various ministry settings.

CRC VALUES ENDORSING

We wholeheartedly endorse and promote the core values and unique ideology of the CRC Churches International. Through exposing students to leaders within the movement during CRC International Missions Bible College (IMBC) Camps, International Trips, as well as involvement in both State and National Conferences, we communicate to students the heartbeat and vision of the CRC.

LIFELONG LEARNING

We recognise that one program can never cover everything, and that God will continue to deposit, shape and develop us during our lifetime. Therefore, CRC International Missions Bible College (IMBC) aims to impart to students the value of lifelong learning, by developing the good habits of reading, research and self-development, along with acquiring other tools needed for continuous growth in personal and ministry skills.

STRONGLY PRACTICAL

In partnership with local churches, CRC International Missions Bible College (IMBC) equips students for effective ministry by practical application of theological studies in an environment which promotes both fruitfulness in ministry, and is also personally fulfilling.

BIBLE BASED

We believe that the Bible, as originally written and correctly interpreted in its historical context, is the authoritative word of God, informing all of our theological beliefs and ministry practices. Our intention is that students become thoroughly grounded in the knowledge, truth and principles of the Bible, and its application.

LOCAL CHURCH COLLABORATION

Study at CRC International Missions Bible College (IMBC) requires every student to be actively involved in at least one ministry area within their local church. All students are required to work in cooperation with their home church or in a church endorsed by their Pastor.

Organisational Philosophy

Our philosophy is to provide an authentic, legitimate Bible College to individuals and to local churches in an easily accessible way.

Our role at CRC International Missions Bible College (IMBC) is to endorse the efforts of traditional Bible Colleges.

We are deeply committed to the concept of training people within their own local churches and areas, and to the provision of excellent teaching material and study options for Christians everywhere.

We treat the entire local church environment as part of our “learning process”. The worship of the local church, its witness, its fellowship, its teaching, its ministry – are all reckoned to be part of the process of equipping men and women to serve Christ.

Our function is to add a theological and academic resource, working with local churches to exercise the practical training for ministry.

Educational Philosophy

Underlying the way in which the materials are presented, and the assessment methods are used, is an educational philosophy based upon the following principles:

1. Christian education must stand upon a strong theological foundation (“sound doctrine” 1 Timothy 1:10; 4:13; 2 Timothy 4:3; 2 Peter 2:1-3; Jeremiah 6:16; 1 Corinthians 3:10-13; etc.)
2. Students must know God, not just to learn about him.
3. The goal is not just to impart knowledge, but rather to teach principles of sound interpretation, using the resource materials that are available.
4. The Bible is a self-revelation of God, who discloses himself and his glory in scripture.
5. Since the glory of God is mirrored in scripture, we believe that God particularly reveals himself through the teaching and/or preaching of His Word. All teaching must aim to gain an intelligent, believing response to the Word of God, leading to a life of obedience to the will of God, and of conformity to the character of Christ.
6. We practice “open-book” assessments, plus typically multiple-choice exams, as well as exams. The combination of “open-book”, multiple-choice assessment and exams aims to instruct the student in analytical thinking and develop an ability to discern shades of doctrinal meaning.
7. We look to the local church to provide “field” experience, through each student’s active participation in the worship, work, and witness of the church.
